D. O. No. Fr 1539

Apr 46-10-1

Camp Sagar
30th September, 1910.

Dear Sir.

1. As you will probably remember the sum of Rs 1500 was set aside in the Agricultural Budget for this year for purposes of demonstration, etc. It will be impossible to utilize this money to the best advantage with the present staff. The same applies to the working of the implement depot. At the same time two young men have just returned from Nagpur after having undergone training in the Agricultural College there. I have thought that perhaps you might consider favorably a proposal to appoint these two young men temporarily for the remainder of the present year on a pay of say Rs 30 each per month. They might be designated as temporary agricultural Fieldmen or some such thing. Their pay might be met out of the Rs 1500 mentioned above.

2. As to the duties of these men they could be used in connection with demonstrations already planned but which I had feared

would have to be abandoned on account of lack of staff. This work has to do with the introduction of improvements in cultivation as well as in implements and as I wish to carry it out in as many of the districts as possible there will be ample scope for utilizing their services. I may say that demonstrations in connection with the application of green manures to paddy lands have already been started in Kolar and Bangalore Districts and I have begun making arrangements with the Deputy Commissioners of Kadur, Tumkur & Shimoga Districts in the same connection. These men could be utilized to distribute the green manure seed to see that it is properly put in and the green manure crops ploughed. Finally they could keep a record as to results which would necessitate their being present at the harvest.

3. I give the above as an instance of the way the services of these men can be used. Needless to say their work would be carefully supervised. If the proposal appeals to you as a good one it seems to me that it would hardly be necessary for any reappropriation to be made as their pay

could be treated as part of the expenses of demonstration. Moreover their appointment on a temporary basis would leave the hands of government perfectly free for next year.

4. I am writing thus to you as I do not care to send up a proposal officially to government without receiving first your approval. I would be unable to forward the matter to you personally for some time to come, hence the letter.

5. There is one possible difficulty - which I neglected to mention above and that is the one of traveling allowances to these men. It might be necessary to appropriate the sum of say Rs 500 to meet this expense, as the allotment under that head for the Experimental Farm & Agr. Chemist Office has been cut very low. The pay of these men say from Nov. 1 at Rs 30 would amount to not quite Rs 500 for the rest of the year. This would leave Rs 1000 for other demonstration expenses.

6. I should appreciate it as a great favor if you would let me know as soon as possible whether you approve

of the proposal

Yours sincerely

Leslie Coleman

Office of the Agricultural Chemist
Government of Mysore,
Bangalore, November 2nd 1910.

From

Leslie C. Coleman Esquire, M.A., Ph.D.
Mycologist & Entomologist in charge of the office
of the Agricultural Chemist

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments, Bangalore.

Sir,

With reference to Government Order No. R. 2201-2/Agri 46-10-2 of the 24th October 1910 sanctioning the appointment of two men temporarily for eight months on Rs. 30/- per month, I have the honour to suggest that it may be advisable to change the designation of these two men from that of "Agricultural Fieldmen" to that of "Agricultural Inspectors." In my letter of the 30th September 1910 I believe I used the words "Fieldmen" but without any intention of recommending it as the designation to be used. It appears possible that as these men will have to do considerable touring and as the title "Inspector" might carry more weight with it than that of "fieldman" that the change suggested would be calculated to aid them in their work. Under such circumstances I believe that a change of designation is advisable.

I have the honour to be,
Sir
Your most obedient servant
Leslie C. Coleman
